DIABOLIC

(Man, Woman)

DAVID QUANG PHAM

Vivace

Arranged from BEETHOVEN's Diabelli Variations

Did you hear? -- Not very clearly. I thought he said: "Lahore was what I desired."... -- The report said people used to see him at night through his bedroom window, walking up and down as if it was broad daylight... and talking... always to himself... -- ...At night... as if it was broad daylight...
