

BEEKLE "[Opening Song](#)"

There's a place that you can go
When you're feeling kind of low
When you're friends go out to play
But they tell you go away

When you're sitting home alone
And you're feeling kind of bored
Don't wanna write or read a book
And you're feeling kind of stuck

When the rain is coming down
Nobody's at the playground
You're throwing tantrums in your room
Cause there's nothing there to do

So you open up your mind
And leave the real world behind
You hop aboard the pretend train
And now you're on your way to

(CHORUS)

Imaginary Island!
Where your next best friend is born
Imaginary Island!
Where you feel safe and warm

Where all you do is play
And friends never go away
Welcome to imaginary island
We hope you enjoy your stay!
